Colonel William H. Pearce  
District Engineer  
Department of the Army  
New York District, Corps of Engineers  
Jacob K. Javits Federal Building  
New York, NY 10278-0090

Dear Colonel Pearce:

This letter is in reference to the awarding of Contract Area 7 of the Kill Van Kull and Newark Bay Channel Phase II Deepening Project, solicitation DACW51-00-B-0011, to Donjon Marine, Inc of Hillside, NJ. As previously stated, it is New Jersey Maritime Resources' position that all non-HARS suitable material from this contract will be placed upland at the OENJ Cherokee facility in Bayonne, NJ. It is understood that NJMR will cover the differential cost, \$4 million, associated with selection of this option. Through an agreement with the Port Authority of New York and New Jersey, the payment of the differential cost will come to the Corps of Engineers directly from the Port Authority.

If you have any questions, please contact me at 609-984-6694.

Sincerely,

Michael D. Riley  
Deputy Director, NJ Maritime Resources
